ZELLERWEG AM SCHWARZEN HERRGOTT RIESLING AUSLESE 2017

The historic Zellerweg Am Schwarzen Herrgott site forms the border between Rheinhessen and the Pfalz and is among the oldest officially documented sites. The same limestone base that powers the Frauenberg also runs through to Mölsheim. Since 2007, Schwarzer Herrgott has been classified as a Große Lage producing deep and powerful wines with a complex, darkly saline character. The grapes for this Prädikat wine, just like for our single-site wines, are strictly hand selected, wild fermented and matured in steel.

In shades of rich gold, this Auslese from the Schwarzer Herrgott sways from yellow fruit into dark spice and back again. Notes of dried apricot, Mirabelle plum and small quince offset the phenolic bite of dark cocoa and bitter chocolate. And beneath it all courses the unstoppable lifeblood of minerality for which the Herrgott is known. The fruit on the palate is harnessed with the vibrant acidity and sublime minerality of the terroir.

The Auslese from the Zellerweg Am Schwarzen Herrgott is the perfect Prädikatswein for dry wine connoisseurs seeking a focused balance of fruit and saline minerality. Can be served as an aperitif, with peach crumble with almonds or with spicy, roasted chicken with chili and mango — freed from the shackles of residual sweetness, the Auslese offers a wealth of pairing possibilities and new culinary horizons.

CAPACITY
0,75 L

ALCOHOL
9,0 % VOL.

ACIDITY
