RIESLING RÉSERVE VOM ROTLIEGENDEN TREASURE COLLECTION 2022

VINIFICATION

Origin and time define perfectly this Réserve wine. Selectively harvested by hand and fermented spontaneously, the wine is aged in Doppelstück 2400l barrels and we leave it on the fine yeast until the following year's harvest, before it is then bottled.

VINTAGE

In 2022, we had ideal conditions for the vines. 2022 was a dry year, but not a hot one. Especially the nights remained very cool. In June, we sometimes had night temperatures of just over 10 degrees. Extensive work on the canopy

naturally protects the grapes from sunburn and allows the skins, juice and seeds to ripen quite evenly. Thanks to these measures, the grapes were stable and not affected during the autumn rainfall.

AGEING CELLAR

Our ageing cellar, built into the mountain and with characteristics similar to those of a natural cellar, is used exclusively to allow bottled wines to mature and develop over an extended period under ideal conditions.

Every wine that leaves the winery after years of ageing is given the 'Treasure Collection' label to document the perfect treatment of the bottles.

This is how the vision of H.O. and Carolin Spanier unfolds, to decelerate the enjoyment of wine and, after focusing on the vineyard's provenance, to make time and maturity tangible again.

TASTE

Elegant wild rose and spicy aromas are enhanced by a pleasing honey note and some candied lemon. The palate confirms these notes but it provides a tense and elegant feeling. Flavors of tropical fruits and light red pepper join the experience and end it beautifully thank to the pleasing body of this exceptional wine.
