Our white estate wines carry our QVINTERRA® trademark. Five different wine villages, five different soil types have inspired us to create the Latin term QVINTERRA®. The name indicates that our winery owns vineyards in the five famous villages of the Rhine Terrace: Oppenheim, Nierstein, Nackenheim, Bodenheim and Laubenheim.

Our Gewürztraminer vines are located in one of the best vineyards of Rheinhessen, in Nierstein Pettenthal. A rarity on the red slope. In the meantime the vines are more than 15 years old. Riesling and Gewürztraminer from Pettenthal, harvested together, fermented together, and matured together in the big old barrels. This is how it was done 100 years ago, this is how we do it again today! A wonderfully aromatic, dry wine - seductively delicate rose notes on the nose, paired with the animating character and precision of Riesling.
