RIESLING RÉSERVE VOM ROTLIEGENDEN - "TREASURE COLLECTION"

2018

Origin and time define perfectly this Réserve wine. Five years after a beautiful harvest, it has reached the so-called "Treasure Collection", allowing us to show the potential of our wines along the years. Our Nackenheim sites draw their names and character from the bank of clayey slate that drives to the surface there, running for a stretch before disappearing back below to the south of Nierstein. The wine was fermented in stainless steel tank and large oak vessels, spending a longer time on gross lees than usual to provide more texture and a deeper profile. 2018 was a year of superlatives: the stable, dry high-pressure weather with lots of sunshine over the summer months also shaped the picture in our vineyards. The dry phases demanded everything from the vines. Once again, it proved to be a costly but very effective measure that we spread thousands of straw bales in the vineyards in spring to provide good shade for the soil and to counteract evaporation. Favoured by the continuing high-pressure area, we were able to plan the harvest with the desired tranquillity and never had the pressure in 2018 of having to quickly catch up with parcels before an impending storm front. Elegant wild rose and spicy aromas are enhanced by a pleasing honey note and some candied lemon. The palate confirms these notes but it provides a tense and elegant feeling. Flavors of tropical fruits and light red pepper join the experience and end it beautifully thank to the pleasing body of this exceptional wine.
