

KÜHLING-GILLOT

VDP.AUS ERSTEN LAGEN NIERSTEIN RIESLING 2024

94/100

This is a wonderfully elegant expression of the famous commune of Nierstein with its red slate soil. Very focused and polished on the medium-bodied palate. Tons of mineral magic and wonderful delicacy in the very long, filigreed, wetstone finish.

JAMES SUCKLING, STUART PIGOTT

93/100

The 2024 Riesling Nierstein was made from the Pettenthal fruit that does not go into the GG and thus it is a great value. A touch of struck match hovers above tangerine and red apple on the nose. The palate is concentrated, with a salty, spicy, herbal savor. The finish is reminiscent of wet stone and tangerine zest.

VINOUS, ANNE KREBIEHL

VDP.AUS ERSTEN LAGEN

NIERSTEIN RIESLING 2024

VDP. AUS ERSTEN LAGEN

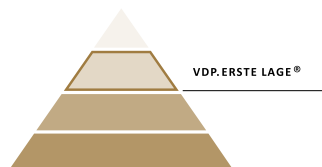

Fruit for wines classified as Rheinhessen VDP.Erste Lage come exclusively from world-class sites of notable history. Since 2019, such wines have served as ambassadors for their respective villages, combining rigorously selected fruit with excellent, strictly defined origins. The characteristic soils of the VDP.Erste Lage lend these wines a distinct and unmistakable sense of their origin. The Erste Lage classification denotes world-class vineyards of an especially notable character.

ORIGIN & VINIFICATION

Nierstein – an iconographic name, associated with the Roter Hang and the Rheinhessen Rhine front like no other. The terroir is rooted in the stony, porous clay slate soils of Nierstein as the tasteable origin of the Erste Lage sites. The Nierstein Riesling, with its unmistakable character of origin, shines with extract-rich fruit, an open structure and taut tension with the greatest possible finesse and vibrancy. It combines everything that characterises a great terroir for us: fully ripe grapes from porous soils, grown on the finest parcels of the Niersteiner Horst, with stringent minerality. The grapes are carefully harvested by hand, fermented spontaneously and matured in Doppelstück 2400l barrels on the fine lees.

TASTE

Pours brilliant and starbright yellow in the glass, and proves equally inviting and approachable in the nose. Ripe stone and orchard fruit such as apple, ripe pears, and white peach, balanced against the spice and herbal aromas of lemon thyme, tarragon and long red pepper. Underscored with the unmistakable pulsating bass line of Nierstein minerality. Incredibly juicy with plenty of extracts and phenolic curves. Yet, the palate offers up a viscous, nearly oily texture together with a firm grip that swings between creamy and saline.
