QVINTERRA® RIESLING TROCKEN 2023

Our white estate-level Gutsweine are sold under the QVINTERRA® label — five grape varieties from five soil formations from five villages along the Rhine terrace that form the foundation for our quality pyramid. The grapes for the QVINTERRA® collection hail from Oppenheim, Nierstein, Nackenheim, Bodenheim and Laubenheim, with pristine fruit reflective of the diverse vineyards along the Rhine. Matured in stainless steel and wild yeast fermented, the Gutsweine are the calling card for our estate, and the gateway into the quality pyramid of premium wines at Kühling-Gillot.

This QVINTERRA® Riesling with its juicy character comes from the finest Oppenheim sites atop limestone and loess, and is rounded out with a dash from the Rhine terraces for added spice.

Pale yellow shades with shimmering hues in the glass, while the nose charms with a juicy fruit, cool minerality and delicate herbal nuances. Yellow fruit aromas reminiscent of pineapple and nectarine echo on the palate and are underscored by an undeniably mouthwatering saline character. From a simple cheese sandwich to hearty chicken soup, this is the perfect pairing for any weekday fare.
